

WORKERS RIGHTS CURRICULUM

The Workers Rights Curriculum was developed by Nancy DellaMattera, Tess Ewing, Dale Melcher, Kim Wilson and Susan Winning of the University of Massachusetts Labor Extension Program.

We would like to thank the following individuals and organizations for their contributions and assistance: Monica Halas and Greater Boston Legal Services, Western MassCOSH, Stephanie Luce at UMass Amherst, Bob Schwartz and Work Rights Press for permission to use the “In a Nutshell” sections from *Your Rights on the Job*, and Matt Kristek for our wonderful drawings.

The Workers Rights Curriculum was published and distributed by the University of Massachusetts Labor Extension Program. We encourage you to use this curriculum, modify or add to it as needed, but ask that you please credit the *University of Massachusetts Labor Extension Program*.
